POLYGRAPH Symposium 2022

This year's POLYGRAPH Leipzig e. V. association symposium will take place on November 18.

The POLYGRAPH Leipzig e. V. association, in conjunction with its annual general meeting, is holding a trade symposium in Leipzig together with the Sächsisches Institut für die Druckindustrie (SID).

The association is the sole proprietor of the institute and at the same time a partner of PITSID Polygraphische innovative Technik Leipzig GmbH, which offers various measuring and testing devices for the graphics industry and machine manufacturing.

Before the symposium, there is the possibility to get to know the services and capabilities of the institute and its laboratories during a guided tour. All interested parties are cordially invited. Registration is requested.

The symposium is planned as a face-to-face event in compliance with the current Corona regulations.

Participation in the symposium is free of charge!
