## Zuse Auditor Exchange at SID

The evaluation of members of the German Industrial Research Association Konrad Zuse e. V. is an important task that is laid out in the association's statutes. For this purpose, the Zuse Association has defined a procedure which, among other things, stipulates on-site evaluation by trained and designated auditors.

Yesterday, the auditors of the Zuse Association met for a first joint exchange of experiences at the Sächsisches Institut für die Druckindustrie (SID) in Leipzig.

Dr. Kaulitz welcomed the guests, after which Ms. Genest gave a brief presentation about SID. Ms. Döring from the Zuse Association then reported on the current status of the existing evaluations.

Prof. Dr.-Ing. Ulrich Jumar from the Institut für Automation und Kommunikation e. V. in Magdeburg then kicked off the discussion of experiences with his report from the field, which was followed by a joint discussion between the auditors. The feedback, which was then submitted on the evaluation form, is to be taken into account in the revision. The next steps were then discussed. Finally, Ms. Genest invited the auditors on a tour of the institute.
